INDEPENDENT AUDITOR'S REPORT

Kenneth E Crosser, CPA April D. Hammack, CPA Michael J Podliska CPA

David W. Goodman, CPA (Former Principal) Robert E. Wells CPA (Retired)

C. Kenneth Anderson, CPA (1952-1977) Joseph C Larkin CPA (1960-1990)

To the Board of Directors
Southern Prairie Area Education Agency 15

We have audited the accompanying financial statements of the governmental activities, the business type activities, each major fund and the aggregate remaining fund information of Southern Prairie Area Education Agency 15 as of and for the year ended June 30, 2006, which collectively comprise the Agency's basic financial statements as listed in the table of contents. These financial statements are the responsibility of Agency officials. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in <u>Government Auditing Standards</u>, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business type activities, each major fund and the aggregate remaining fund information of Southern Prairie Area Education Agency 15 at June 30, 2006, and the respective changes in financial position and cash flows, where applicable, for the year then ended in conformity with U.S. generally accepted accounting principles

In accordance with <u>Government Auditing Standards</u>, we have also issued our reports dated August 2, 2006 on our consideration of Southern Prairie Area Education Agency 15's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting on compliance. That report is an integral part of an audit performed in accordance with <u>Government Auditing Standards</u> and should be considered in assessing the results of our audit.

Management's Discussion and Analysis and budgetary comparison information on pages 3 through 13 and 31 through 33 are not required parts of the basic financial statements, but are supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquires of management regarding the methods of measurement and presentation of the required supplementary information. We did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Southern Prairie Education Agency 15's basic financial statements. We previously audited, in accordance with the standards referred to in the second paragraph of this report, the financial statements for the three years ended June 30, 2005 (which are not presented herein) and expressed unqualified opinions on those financial statements. Other supplementary information included in Schedules 1 through 4, including the Schedule of Expenditures of Federal Awards required by U.S. Office of Management and Budget (OMB) Circular A-133, <u>Audits of State, Local Governments, and Non-Profit Organizations</u>, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in our audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole

Management's Discussion and Analysis

This section of Southern Prairie Area Education Agency 15's annual financial report presents its discussion and analysis of the Agency's financial performance during the fiscal year ended June 30, 2006 The analysis focuses on the Agency's financial performance as a whole

Please read it in conjunction with the Agency's financial statements, which immediately follow this section

Financial Highlights

- General Fund revenues increased from \$12,758,141 in fiscal 2005 to \$13,186,669 in fiscal 2006 while General fund expenditures and net transfers increased from \$12,607,645 in fiscal 2005 to \$13,349,674 in fiscal 2006. This resulted in a decrease in the Agency's General Fund balance from \$1,943,065 in fiscal 2005 to \$1,780,060 in fiscal 2006, an 8 percent decrease from the prior year. The decrease in fund balance was due primarily to an increase in capital expenditures which had been delayed from earlier years due to the reduction in state aid that has occurred since 2002.
- The increase in General Fund revenues was primarily attributable to three factors: (1) the increase in state aid received in fiscal year 2006; (2) an increase in interest income due to higher interest rates; and, (3) an increase in the IDEA Part B federal grant revenue. The increase in expenditures was due primarily to an increase in capital expenditures and an increase in contracted special education support services which were necessitated by open staff positions

Overview of the Financial Statements

This report consists of three parts: management's discussion and analysis (this section), the basic financial statements and required supplementary information. The basic financial statements include two kinds of statements that present different views of the Agency

- The first two statements are Agency-wide financial statements that provide both short-term and long-term information about the Agency's overall financial status
- The remaining statements are *fund financial statements* that focus on individual parts of the Agency, reporting the Agency's operations in more detail than the Agency-wide statements
- The *governmental funds statements* explain how basic services such as educational services, special education support and media services were financed in the short term as well as what remains for future spending
- Proprietary funds statements offer short-term and long-term financial information about the activities the Agency operates like businesses The Agency operates a cooperative purchasing fund for the local school districts

The financial statements also include notes that explain some of the information in the statements and provide more detailed data. The statements and notes are followed by a section of required supplementary information that further explains and supports the financial statements with a comparison of the Agency's budget for the year.

Figure A-1 shows how the various parts of this annual report are arranged and relate to one another

Figure A-2 summarizes the major features of the Agency's financial statements, including the portion of the Agency's activities covered and the types of information the statements contain. The remainder of this overview section of the management discussion and analysis highlights the structure and contents of each of the statements.

Agency-Wide Statements

The Agency-wide statements report information about the Agency as a whole using accounting methods similar to those used by private-sector companies. The statement of net assets includes all of the Agency's assets and liabilities. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two Agency-wide statements report the Agency's *net assets* and how they have changed. Net assets – the difference between the Agency's assets and liabilities – are one way to measure the Agency's financial health or *position*

- Over time, increases or decreases in the Agency's net assets are an indicator of whether financial position is improving or deteriorating, respectively
- To assess the Agency's overall health, you need to consider additional non-financial factors such as changes in enrollments in the local school districts that the Agency serves and the condition of the Agency's office buildings.

In the Agency-wide financial statements, the Agency's activities are divided into two categories:

- Governmental activities: Most of the Agency's basic services are included here, such as instructional services, media services, special education support, and administration Property taxes, state aid and federal program grants finance most of these activities
- Business-type activities: The Agency charges fees to help cover the costs of certain services it provides The Agency's cooperative purchasing program would be included here.

Fund Financial Statements

The fund financial statements provide more detailed information about the Agency's funds, focusing on its most significant or "major" funds – not the Agency as a whole Funds are accounting devices the Agency uses to keep track of specific sources of funding and spending on particular programs

- Some funds are required by state law or by bond covenants.
- The Agency establishes other funds to control and manage money for particular purposes, such as accounting for Juvenile Home funds.

The Agency has two kinds of funds:

• Governmental funds: Most of the Agency's basic services are included in governmental funds, which generally focus on 1) how cash and other financial assets that can readily be converted to cash flow in and out and 2) the balances left at year-end that are available for spending. Consequently, the governmental funds statements provide a detailed short-term view that helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the Agency's programs. Because this information does

not encompass the additional long-term focus of the Agency-wide statements, additional information presented immediately after the governmental funds statements explains the relationship or differences between the two statements

The Agency's governmental funds include the General Fund, Juvenile Home Fund and the Debt Service Fund.

• Proprietary funds: Services for which the Agency charges a fee are generally reported in proprietary funds. Proprietary funds are reported in the same way as the Agency-wide statements.

The Agency's enterprise funds, one type of proprietary fund, are the same as its businesstype activities but provide more detail and additional information such as cash flows. The Agency currently has one enterprise fund, the cooperative purchasing fund

Financial Analysis of the Agency as a Whole

Net assets. The Agency's combined net assets increased \$633,740 during fiscal year 2006. The increase occurred primarily due to the Agency receiving a donation of the building, parking lot and land adjacent to the Ottumwa site. The donation was valued at \$855,000.

Governmental Activities

Revenues for the Agency's governmental activities increased 2.5 percent, and total expenses increased 5.4 percent compared to the prior year. The increase in expenses was primarily attributable to an increase in capital expenditures and an increase in contracted special education support services which were necessitated by open staff positions.

Revenues for governmental activities were \$14,347,621 while expenses amounted to \$13,713,881

The following table presents the total and net cost of the Agency's major governmental activities: instruction, student support services, media services, general administration, educational services, plant operations and maintenance, central and other support services and other expenses

- The cost of all governmental activities this year was \$13,713,881
- The portion of the cost financed by users of the Agency's programs was \$581,275
- The federal and state government subsidized certain programs with grants and contributions totaling \$9,762,884
- The net cost portion of governmental activities was financed with \$3,025,234 in flowthrough property tax, \$3,772,767 in state foundation aid and \$117,668 in interest income

Business-Type Activities

Revenues of the Agency's business-type activities (the cooperative purchasing fund) increased from \$35,798 to \$61,719, an increase of 72 4 percent

Financial Analysis of the Agency's Funds

As previously noted, Southern Prairie AEA 15 uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

The financial performance of the Agency as a whole is reflected in its governmental funds as well. As the Agency completed the year, its governmental funds reported combined fund balances of \$1,780,060 which was a decrease from last year's ending fund balances of \$1,943,065. The primary reason for the decrease in combined fund balances in fiscal 2006 was due to an increase in capital expenditures which had been delayed from earlier years due to the reduction in state aid that has occurred since 2002.

Governmental Fund Highlights

- The Agency's General Fund financial position decreased due to increased capital expenditures which had been delayed from earlier years due to the reduction in state aid that has occurred since 2002
- The General Fund balance decreased from \$1,943,065 to \$1,780,060 due to increased capital expenditures which had been delayed from earlier years due to the reduction in state aid that has occurred since 2002

Proprietary Fund Highlights

The Co-op Fund net assets remained constant at \$0 from fiscal 2005 to fiscal 2006 As previously noted, the Agency operates a cooperative purchasing fund for the benefit of the school districts served by the Agency

Budgetary Highlights

In accordance with the Code of Iowa, the Board of Directors annually adopts a budget following required public notice and hearing for all funds, except its private-purpose trust and agency funds. The budget may be amended during the year. The Agency's budget is prepared on the accrual basis. Over the course of the year, the Agency amended its annual operating budget once to reflect additional revenue and expenditures associated with the IDEA Part B federal grant. A schedule showing the original and final budget amounts compared to the Agency's actual financial activity is included in the required supplementary information section of this report

General Fund Budgetary Highlights

- The Agency's General Fund budget did not vary significantly from actual results. The financial statements include a comparison of budget and actual for the governmental and proprietary fund types. Except for proprietary transactions, variances between budget and actual were \$24,650 or less than 0.2 percent of expenditures.
- The Agency's General Fund actual support services expenditures varied from budget because the Agency increased its capital expenditures in fiscal year 2006 as capital expenditures had been reduced for the last four years due to the reduction in state aid

Capital Asset and Debt Administration

Capital Assets

By the end of fiscal 2006, the Agency had invested \$3.77 million, net of accumulated depreciation, in a broad range of capital assets, including land, buildings, materials lending library, computers and audio-visual equipment (See Figure A-8). This amount represents a net increase of 25.2 percent from last year. During fiscal 2006, the building, parking lot and land adjacent to the Ottumwa site were donated to the Agency. More detailed information about capital assets is available in Note 3 to the financial statements. Depreciation expense for the year was \$526,402.

Excluding depreciation, the Agency has \$8.98 million in capital assets. Governmental funds account for the entire \$8.98 million

Long-Term Liabilities

At year-end, the Agency had \$1,604,018 in long-term liabilities outstanding This represents an increase of approximately 0.1 percent from last year (See Figure A-9). More detailed information about the Agency's long-term liabilities is available in Notes 4 and 9 to the financial statements.

In February 2003, the Agency completed paying for the Jefferson County Satellite Office located in Fairfield, Iowa In May 2003, the Agency refinanced its certificates of participation indebtedness for the Ottumwa Office at an interest rate of 3 51% down from the 4.60% interest rate prior to the refinancing All other terms of the bonded indebtedness remained the same, including the principal payment amounts and dates As of June 30, 2006, the Agency had total outstanding certificates of participation indebtedness of \$1,183,000.

Factors Bearing on the Agency's Future

At the time these financial statements were prepared and audited, the Agency was aware of several existing circumstances that could significantly affect its financial health in the future:

- The State of Iowa has announced that the previous reduction of \$19.3 million in the State Aid that all Area Education Agencies in the state receive will be reduced to \$15.5 million for fiscal year 2007 Southern Prairie AEA 15's reduction in state aid funds is \$707,385.
- The Boards of Directors of Southern Prairie AEA 15 and Great River AEA 16 have agreed to merge the two area education agencies as of July 1, 2007 This merger will result in a larger AEA that will serve over 40,000 students and will result in lower administrative costs.

Contacting the Agency's Financial Management

This financial report is designed to provide the Agency's citizens, taxpayers, customers, and investors and creditors with a general overview of the Agency's finances and to demonstrate the Agency's accountability for the money it receives. If you have questions about this report or need additional financial information, contact Dennis Gourley, Business Manager, Southern Prairie Area Education Agency 15, 2814 North Court Street, Ottumwa, Iowa 52501-1163

CHANGES IN FUND BALANCES GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES YEAR ENDED JUNE 30, 2006

NET CHANGE IN FUND BALANCES - TOTAL GOVERNMENTAL FUNDS

\$ (163,005)

Amounts reported for governmental activities in the Statement of Activities are different because:

Governmental funds report capital outlays as expenditures while governmental activities report depreciation expenses to allocate those expenditures over the estimated useful lives of the assets. Governmental funds report the selling price of fixed assets disposed while governmental activities report gains and losses on the disposal of fixed assets. Capital outlay expenditures and fixed assets acquired by donation exceeded depreciation expense and loss on disposal of assets in the current year, as follows:

·		
Expenditures for capital assets Depreciation expense	\$ 432,234 (526,402)	
Loss on disposal of assets	(1,886)	
Capital assets acquired by donation	855,000	758,946

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2006

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Southern Prairie Area Education Agency 15 is an intermediate school corporation established to identify and serve children who require special education. The Agency also provides media services and education support services. These programs and support services are provided to 25 school districts and private schools in a tencounty area. The Agency is governed by a Board of Directors whose members are elected on a non-partisan basis.

The Agency's financial statements are prepared in conformity with U.S. generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board.

Reporting Entity

For financial reporting purposes, Southern Prairie Area Education Agency 15 has included all funds, organizations, agencies, boards, commissions and authorities. The Agency has also considered all potential component units for which it is financially accountable and other organizations for which the nature and significance of their relationship with the Agency are such that exclusion would cause the Agency's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board has set fourth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body and (1) the ability of the Agency to impose its will on that organization or (2) the potential for the organization to provide specific benefits to or impose specific financial burdens on the Agency. Southern Prairie Area Education Agency 15 has no component units which meet the Governmental Accounting Standards Board criteria.

Basis of Presentation

<u>Government-wide financial statements</u> – The Statement of Net Assets and the Statement of Activities report information on all of the activities of the Agency. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by intergovernmental revenues, are reported separately from business type activities, which rely to a significant extent on fees and charges for support.

The Statement of Net Assets presents the Agency's nonfiduciary assets and liabilities, with the difference reported as net assets. Net assets are reported in three categories:

<u>Invested in capital assets, net of related debt</u> consists of capital assets, net of accumulated depreciation and reduced by outstanding balances for bonds, notes, and other debt attributed to the acquisition, construction or improvement of those assets.

<u>Restricted net assets</u> result when constraints placed on net asset use are either externally imposed or imposed by law through constitutional provisions or enabling legislation

<u>Unrestricted net assets</u> consist of net assets not meeting the definition of the two preceding categories. Unrestricted net assets often have constraints on resources imposed by management which can be removed or modified.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those clearly identifiable with a specific function. Program revenues include (1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function and (2) grants, contributions and interest that are restricted to meeting the operational or capital requirements of a particular function. Unrestricted interest income and other items not properly included among program revenues are reported as general revenues.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2006

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fund Financial Statements

Separate financial statements are provided for governmental and proprietary funds. Major individual governmental funds are reported as separate columns in the fund financial statements. All remaining governmental funds are aggregated and reported as nonmajor governmental funds

The Agency reports the following major governmental funds:

The General Fund is the general operating fund of the Agency All general revenues and other revenues not allocated by law or contractual agreement to some other fund are accounted for in this fund. From the fund are paid the general operating expenditures, including instructional, support and other costs.

Measurement Focus and Basis of Accounting

The government-wide financial statements and the proprietary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been satisfied.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of current period. For this purpose, the Agency considers revenues to be available if they are collected within 60 days after year end

Intergovernmental revenues (shared revenues, grants and reimbursements from other governments) and interest associated with the current fiscal period are all considered to be susceptible to accrual. All other revenue items are considered to be measurable and available only when cash is received by the Agency

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, principal and interest on long-term debt, claims and judgments and compensated absences are recognized as expenditures only when payment is due. Capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

The proprietary fund of the Agency applies all applicable GASB pronouncements, as well as the following pronouncements issued on or before November 30, 1989, unless these pronouncements conflict with or contradict GASB pronouncements: Financial Accounting Standards Board Statements and Interpretations, Accounting Principles Board Opinions and Accounting Research Bulletins of the Committee on Accounting Procedure.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenue of the Agency's Enterprise Fund is charges to customers for services. Operating expenses for Enterprise Funds include the cost of sales and services, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2006

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Assets, Liabilities and Fund Equity

<u>Cash</u>, <u>Pooled Investments and Cash Equivalents</u> – Cash includes amounts in demand deposits and money market funds. Investments are stated at fair value except for the investment in the lowa Schools Joint Investment Trust which is valued at amortized cost and non-negotiable certificates of deposit which are stated at cost.

All short-term cash investments that are highly liquid are considered to be cash equivalents. Cash equivalents are readily convertible to known amounts of cash and, at the day of purchase, have a maturity date no longer than three months.

<u>Inventories</u> – Inventories are stated at cost using the first-in, first-out method and consist of expendable supplies and materials. The cost of these items is recorded as an expenditure at the time of consumption.

<u>Capital Assets</u> – Capital assets, which include property, furniture and equipment, are reported in the applicable governmental or business type activities column in the government-wide Statement of Net Assets. Capital assets are recorded at historical cost. Donated capital assets are recorded at estimated fair market value at the date of donation. The costs of normal maintenance and repair that do not add to the value of the asset or materially extend asset lives are not capitalized. Capital assets are defined by the Agency as assets with initial, individual costs in excess of the following thresholds and estimated useful lives in excess of one year

Asset Class	<u>Amount</u>
Land	\$300
Buildings	300
Improvements other than buildings	300
Furniture and equipment	300
Library books and films	300

Capital assets of the Agency are depreciated using the straight line method of depreciation over the following estimated useful lives:

Asset Class	Estimated Useful <u>Lives (In Years)</u>
Buildings	50
Improvements other than buildings	20
Furniture and equipment	5
Library books and films	5

<u>Salaries and Benefits Payable</u> – Payroll and related expenses for teachers with annual contracts corresponding to the current school year, which are payable in July, August and September have been accrued as liabilities

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2006

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

<u>Deferred Revenue</u> – Deferred revenue represents an excess of cash advances by the funding source over accrued expenditures at year end.

<u>Compensated Absences</u> – Agency employees accumulate a limited amount of earned but unused vacation for subsequent use or for payment upon termination, death or retirement. A liability has been recorded in the Statement of Net Assets representing the Agency's commitment to fund non-current compensated absences. This liability has been computed based on rates of pay in effect at June 30, 2006. The compensated absences liability attributable to the governmental activities will be paid primarily by the General and Special Revenue Funds.

<u>Long-Term Liabilities</u> – In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities column in the statement of net assets.

<u>Fund Balances</u> – In the governmental fund financial statements, reservations of fund balance are reported for amounts not available for appropriation or are legally restricted by outside parties for use for a specific purpose

<u>Restricted Net Assets</u> – In the government-wide Statement of Net Assets, net assets are reported as restricted when constraints placed on net asset use are either externally imposed by creditors, grantors, contributors, laws and regulations of other governments or imposed by law through constitutional provisions or enabling legislation.

NOTE 2: CASH AND POOLED INVESTMENTS

The Agency's deposits in banks at June 30, 2006 were entirely covered by federal depository insurance or by the state sinking fund in accordance with Chapter 12C of the Code of Iowa. This chapter provides for additional assessments against the depositories to insure there will be no loss of public funds.

The Agency is authorized by statute to invest public funds in obligations of the United States government, its agencies and instrumentalities; certificates of deposit or other evidences of deposit at federally insured depository institutions approved by the Board of Directors; prime eligible bankers acceptances; certain high rated commercial paper; perfected repurchase agreements; certain registered open-end management investment companies; certain joint investment trusts, and warrants or improvement certificates of a drainage district

The Agency had investments in the Iowa Schools Joint Investment Trust Diversified Portfolio which are valued at an amortized cost of \$4,660 pursuant to Rule 2a-7 under the Investment Company Act of 1940.

Interest rate risk — The Agency's investment policy limits the investment of operating funds (funds expected to be expended in the current budget year or within 15 months of receipt) in instruments that mature within 397 days. Funds not identified as operating funds may be invested in investments with maturities longer than 397 days but the maturities shall be consistent with the needs and use of the Agency.

<u>Credit risk</u> - The investment in the Iowa Schools Joint Investment Trust is rated Aaa by Moody's Investors Service.

Payments on the certificates of participation for the year ended June 30, 2006, including interest, totaled \$174,945.

NOTE 5: PENSION AND RETIREMENT BENEFITS

The Agency contributes to the Iowa Public Employees Retirement System (IPERS), which is a cost-sharing multiple-employer defined benefit pension plan administered by the State of Iowa IPERS provides retirement and death benefits which are established by state statute to plan members and beneficiaries. IPERS issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained by writing to IPERS, P.O. Box 9117, Des Moines, Iowa, 50306-9117.

Plan members are required to contribute 3 70% of their annual covered salary and the Agency is required to contribute 5 75% of annual covered payroll for the years ended June 30, 2006, 2005 and 2004. Contribution requirements are established by state statute. The Agency's contributions to IPERS for the years ended June 30, 2006, 2005 and 2004 were \$426,748, \$419,124 and \$405,734 respectively, equal to the required contributions for each year.

NOTE 6: RISK MANAGEMENT

Southern Prairie Area Education Agency 15 is exposed to various risks of loss related to torts; theft, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. These risks are covered by the purchase of commercial insurance. The Agency assumes liability for any deductibles and claims in excess of coverage limitations. Settled claims from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2006

NOTE 7: MAJOR REVENUE SOURCE

The Agency receives the majority of its funding from grants with the State of Iowa and the Federal Government. The majority of the Agency's funding is accomplished through a reimbursement system. The Agency incurs expense, pays for the expense, submits a reimbursement voucher to the appropriate agency and is reimbursed for the expense.

NOTE 8: OPERATING LEASES

The Agency has leased various facilities within the area to house the different divisions of the Agency. These leases have been classified as operating leases and, accordingly, all rents are charged to expenditures as incurred. The leases expire between June 30, 2006 and June 30, 2009. Certain leases are renewable for additional periods. Some of the leases also require the payment of normal maintenance and insurance on the properties. In most cases, management expects that the leases will be renewed or replaced by other leases.

The Agency has leased various pieces of office equipment. The lease has been classified as an operating lease and, accordingly, all rents are charged to expenditures as incurred. The lease expires September 30, 2009

The following is a schedule by year of future minimum rental payments required under operating leases which have initial or remaining non-cancelable lease terms in excess of one year as of June 30, 2006

Year Ending	Space	Office	
<u>June 30,</u>	<u>Rental</u>	<u>Equipment</u>	<u>Total</u>
2007	\$ 48,535	\$ 26,364	\$ 74,899
2008	26,424	26,364	52,788
2009	27,084	26,364	53,448
2010		6,591	<u>6,591</u>
	\$ <u>102,043</u>	\$ <u>85,683</u>	\$ <u>187,726</u>

The total rental expenditures for the year ended June 30, 2006, for all operating leases were \$101,810.

NOTE 9: EARLY RETIREMENT BENEFITS

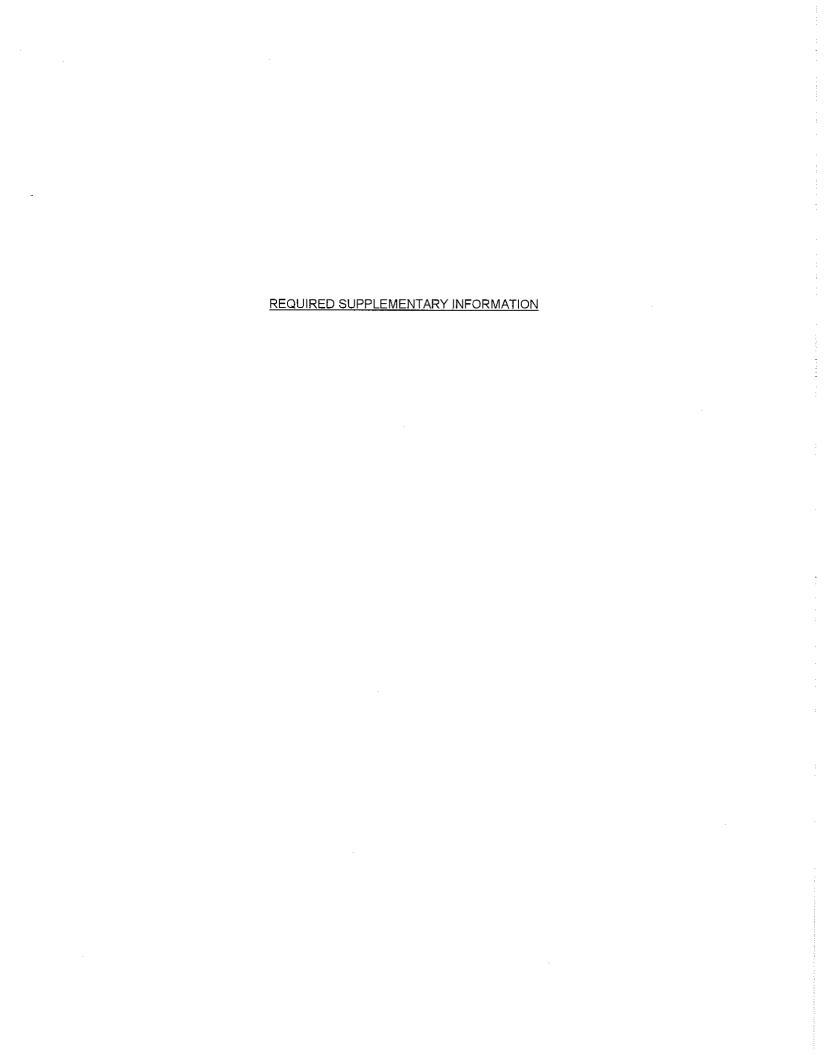

The Agency offers early retirement benefits to eligible employees. Employees who take early retirement are eligible for up to five years health insurance coverage with the premiums paid by the Agency. Currently, there are 21 employees who are participating. Individuals who take early retirement are paid a percentage of their final year's salary (dependent upon their age when they retire) Salary and insurance expenses are expensed in the year that the employee elects early retirement During the year ended June 30, 2006, \$137,083 was expensed for future health insurance benefits.

NOTE 10: LITIGATION

The Agency is, from time to time, involved in lawsuits arising in the ordinary course of its business that, in the opinion of management, will not have a material effect on the Agency's results of operations.

NOTE 11: SUBSEQUENT EVENT

The Boards of Directors of Southern Prairie Area Education Agency 15 and Great River Area Education Agency 16 have agreed to merge the two area education agencies as of July 1, 2007

NOTE TO REQUIRED SUPPLEMENTARY INFORMATION

BUDGETARY REPORTING

JUNE 30, 2006

This budgetary comparison is presented as Required Supplementary Information in accordance with <u>Governmental Accounting Standards Board</u> Statement No. 41 for governments with significant budgetary perspective differences resulting from not being able to present budgetary comparisons for the General Fund and each major Special Revenue Fund.

The Agency's Board of Directors annually prepares a budget on a basis consistent with U.S. generally accepted accounting principles. Although the budget document presents function disbursements by fund, the legal level of control is at the total expenditure/expense level, not by fund. After required public notice and hearing in accordance with the Code of lowa, the Board submits its budget to the State Board of Education. The State Board reviews the proposed budget and either grants approval or returns it without approval with comments. Any unapproved budget must be resubmitted to the State Board for final approval. The budget may be amended during the year utilizing procedures prescribed by the State Board.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Directors of Southern Prairie Area Education Agency 15

We have audited the accompanying financial statements of the governmental activities, the business type activities, each major fund and the aggregate remaining fund information of Southern Prairie Area Education Agency 15 as of and for the year ended June 30, 2006, which collectively comprise the Agency's basic financial statements listed in the table of contents, and have issued our report thereon dated August 2, 2006. We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Southern Prairie Area Education Agency 15's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinions on the financial statements and not to provide an opinion on the internal control over financial reporting. However, we noted certain matters involving the internal control over financial reporting and its operation that we consider to be reportable conditions. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control over financial reporting that, in our judgment, could adversely affect Southern Prairie Area Education Agency 15's ability to record, process, summarize and report financial data consistent with the assertions of management in the financial statements. Reportable conditions are described in Part II of the accompanying Schedule of Findings and Questioned Costs.

A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses. However, we believe none of the reportable conditions described above are material weaknesses. Prior year reportable conditions have all been resolved.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Southern Prairie Area Education Agency 15's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, non-compliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of non-compliance or other matters that are required to be reported under <u>Government Auditing Standards</u>.

Comments involving statutory and other legal matters about Southern Prairie Area Education Agency 15's operations for the year ended June 30, 2006 are based exclusively on knowledge obtained from procedures performed during our audit of the financial statements of Southern Prairie Area Education Agency 15. Since our audit was based on tests and samples, not all transactions that might have had an impact on the comments were necessarily audited. The comments involving statutory and other legal matters are not intended to constitute legal interpretations of those statutes.

This report, a public record by law, is intended solely for the information and use of the officials, employees and citizens of Southern Prairie Area Education Agency 15 and other parties to whom Southern Prairie Area Education Agency 15 may report, including federal awarding agencies and pass-through entities. This report is not intended to be and should not be used by anyone other than these specified parties

We would like to acknowledge the many courtesies and assistance extended to us by personnel of Southern Prairie Area Education Agency 15 during the course of our audit Should you have any questions concerning any of the above matters, we shall be pleased to discuss them with you at your convenience.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

To the Board of Directors of Southern Prairie Area Education Agency 15

Compliance

We have audited the compliance of Southern Prairie Area Education Agency 15 with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that are applicable to each of its major federal programs for the year ended June 30, 2006 Southern Prairie Area Education Agency 15's major federal programs are identified in Part I of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts and grant agreements applicable to each of its major federal programs is the responsibility of Southern Prairie Area Education Agency 15's management. Our responsibility is to express an opinion on Southern Prairie Area Education Agency 15's compliance based on our audit.

We conducted our audit of compliance in accordance with U.S. generally accepted auditing standards, the standards applicable to financial audits contained in <u>Government Auditing Standards</u>, issued by the Comptroller General of the United States, and OMB Circular A-133, <u>Audits of States, Local Governments, and Non-Profit Organizations</u>. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether non-compliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Southern Prairie Area Education Agency 15's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on Southern Prairie Area Education Agency 15's compliance with those requirements.

In our opinion, Southern Prairie Area Education Agency 15 complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2006.

Internal Control Over Compliance

The management of Southern Prairie Area Education Agency 15 is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grant agreements applicable to federal programs. In planning and performing our audit, we considered Southern Prairie Area Education Agency 15's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts, and grants caused by error or fraud that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.
